We inspire students to love reading by:

- ✓ Engaging in peer discussions
- ✓ Digging deeper through creative book projects
- ✓ Playing book related games
- ✓ Encouraging students to read a mix of genres

Book clubs make reading FUN for both bookworms and reluctant readers and let students develop their comprehension & analysis skills.

Our Fall theme is **OVERCOMING OBSTACLES**. We will read, discuss, and compare 4 engaging realistic fiction stories that use humor, empathy, and suspense to share the personal journeys the characters take to overcome a range of obstacles. This session students will read *Song for a Whale*, *Extraordinary Birds*, *New Kid*, and *From Nightowl to Dogfish*.

*Books will be provided at the first session for students to keep as part of the class fee.

The Book Club is facilitated by Susmita Ramani, an author, parent, and kidlit enthusiast
